Step 1

Select your tree

Green Team Interiors specialise in delivering a fantastic high quality Corporate Christmas Décor service.

Our truly stunning artificial Christmas trees are of the highest quality with a beautiful, consistent shape and dense foliage. No needle dropping and no need for watering – your tree will still look fabulous after 5 or 6 weeks! Fancy a change from a green Christmas tree? Be bold with a black Christmas tree or go wild... other colours are available.

Green Team Interiors can supply artificial Christmas trees up to 15 ft /4.57m supplied from November onwards (or earlier if you like).

If you have limited space or would simply like to try something different, then you should consider our slimline collection, which is available in most colours and can be decorated in any colour scheme you fancy.

Some customers prefer live trees for their offices and of course Green Team Interiors can help. Please note earliest installation date for live trees is 7th December.

Do I have to buy the Christmas décor?

All of our Christmas décor range is supplied on rental. This means you don't need to worry about storage and you can choose a different colour scheme in the future if you wish.

What is included in the price?

Our rental price includes design, installation & collection of your Christmas décor. It includes the decorations you ordered and lights where applicable. Each tree comes with a swag of coordinated fabric at the base of the tree. All you need to provide is an extension lead for the lights if necessary.

Why artificial?

Which colour schemes are available?

Have a look at our colour inspirations on the preceding pages. Whether you prefer a traditional or more contemporary style, or want to match your company's corporate colours, we can help! Don't see the colour you are looking for? Give us a call and we can discuss! All our trees are individually created and may feature different decorations to those shown on pages 2-4.

Which size trees are available?

Our standard sizes go from 6ft to 15ft though other sizes may be available.

Do you have any matching items?

We can offer garlands, rings, festive creations, crackle vases/bowls, cone trees, ceiling chandeliers, wall trees, mini trees etc. in a matching colour scheme.

How long can I keep the décor?

We start installing the décor towards the end of November and early December, leaving you to enjoy the décor until after Christmas. See page 1 for earliest installation dates for live trees.

How about health and safety?

Our method statement and risk assessment are available on request and automatically sent on confirmation of order. All lights and other electrical items are PAT tested.

Mains Lighting?

For mains power lights, the Customer should ensure that suitable power point(s) supply are available close to the proposed location of the display (applies to all items featuring lights e.g. Trees, Garlands, Rings, Twig Displays, Crackle Collection, Festive Creations).

Battery Lights?

Battery lights can be supplied if essential, however please note that we supply one set of new Double AA batteries but cannot guarantee these will last the entire Christmas period. Please ensure that you have a supply of batteries. It will, of course, help if the lights can be switched off overnight and at weekends.
